

“Inspiring the Minds for Disaster Risk Reduction”
Regional Capacity Building Training Program
for Academicians of South Region of India

India Universities **17th to 21st May, 2022**rk on Disaster Risk Reduction
National Institute of Disaster Management MHA, Govt

COURSE BROCHURE

Organized by:

**Indian Universities and Institutions Network on Disaster Risk Reduction
(IUINDRR-NIDM)**
National Institute of Disaster Management (NIDM)
Ministry of Home Affairs (MHA), Govt. of India

in collaboration with

**Centre for Natural Resource Management, Climate Change and Disaster
Management (CNRM CC&DM)**
National Institute of Rural Development and Panchayati Raj (NIRDPR)
Ministry of Rural Development (MoRD), Govt of India
Rajendranagar, Hyderabad - 500030, T.S, INDIA

01. **Backdrop:**

The National Institute of Disaster Management (NIDM) was constituted under an Act of Parliament with a vision to play the role of a premier institute for capacity development in India and the region. The efforts in this direction that began with the formation of the National Centre for Disaster Management (NCDM) in 1995 gained impetus with its redesignation as the National Institute of Disaster Management (NIDM) for training and capacity development. Under the Disaster Management Act 2005, NIDM has been assigned nodal responsibilities for human resource development, capacity building, training, research, documentation and policy advocacy in the field of disaster management.

The Indian Universities and Institutions Network on Disaster Risk Reduction (IUINDRR-NIDM) has been established by NIDM pursuant to Government of India directions and more specifically in conformity to the agenda-6 of the 10 point agenda for Disaster Risk Reduction (DRR) by the Honorable Prime Minister of India, Global issues on Climate Change Adaptation (CCA), Sendai Framework for Disaster Risk Reduction (2015-2030), and Sustainable Development Goals (SDG), for promoting education, innovative technology and research, facilitate capacity development, and contribute to decision-making for addressing local risks and the needs of the most vulnerable sections of community affected by various disasters.

IUINDRR-NIDM envisions in building nation and communities safe and resilient to disasters, through education, knowledge creation, research, technology and dissemination. The network also aims to exchange information among the universities and develop a pool of experts in the areas of disaster management.

The National Institute of Rural Development and Panchayati Raj (NIRD&PR), an autonomous institute under the Ministry of Rural Development, Government of India is a premier national centre of excellence in rural development and Panchayati Raj. Recognized internationally as one of the UN-ESCAP Centre of Excellence, it builds capacities of rural development functionaries, elected representatives of PRIs, bankers, NGOs and other stakeholders through inter-related activities of training, research and consultancy.

Centre for Natural Resource Management, Climate Change and Disaster Mitigation (CNRM, CC & DM) under the umbrella of NIRDPR, Hyderabad has been actively engaged in the area of Climate Change Adaptation, Natural Resource Management and Community Based Disaster Management through organizing training programmes, conferences, seminars, workshops, research studies, consultancy and documentation functions in tune with the mandate of the institute.

02. Need of the programme:

In order to act upon the direction led by the Hon'ble Prime Minister of India, NIDM took step forward under the India Universities and Institution Network (IUINDRR-NIDM) and formulated model curriculums on Disaster Risk Reduction and Management. For the first time, experts came up at one platform from across the country and in consultation of academia, model curriculums at UG & PG level has been developed. The objective of these curriculums to train students on the issues related to disaster management. The proposed model curriculums of Foundation Course on Disaster Risk Reduction which has included elements of disaster related issues to build the knowledge, skills and capacity of the young generation to achieve National objective of 10 point agenda 6 of Hon'ble Prime Minister of India. **UGC also has sent notification to every university and college vide D.O No. 2-9/2022 (CPP-II), dated 24th February, 2022 to implement DRR courses in their curriculums.** Hence, to build the capacity of academicians of South region on "Foundation Course Curriculum" which will be integrate in every stream of Higher Education, IUINDRR-NIDM proposing "Regional Capacity Development Programme on Disaster Risk Reduction". A series of such trainings will help develop a culture of more sensitive, accurate and holistic disaster preparedness. In the long run, this will help develop more resilient communities as the next generation will becomes better trained.

It is in the above context, in order to develop the capacity of academicians on Disaster Risk Reduction at regional platform, IUINDRR-NIDM, National Institute of Disaster Management, MHA, GOI is proposing 5 days offline Regional Capacity Development training programme in collaboration with National Institute of Rural Development and Panchayati Raj, Ministry of Rural Development, GOI at Hyderabad on "**Disaster Risk Reduction**" during 17-21 May, 2022. As a pilot, South region of India will be cover for present programme and later on can be replicable into other regions.

03. Objectives of the Programme:

- To impart knowledge and concepts of disaster, disaster management and disaster riskreduction.
- To enhance the academicians's understanding on Hazard Vulnerability and Risk Analysis
- To develop positive attitude towards practical response to different stages of disaster management by adopting advance technology and sustainable development.
- To ensure disaster response skills in assessment, analysis, intervention and evaluation in the Practice of reducing disaster risk.
- To equip the academicians how to integrate Disaster Management curriculum to reduce the potential disaster risks and better prepared institutions.

04. Training Methodology:

- Lecture-cum-Discussions
- Presentation of case Study
- Group Discussion
- Field Study
- Audio-Visual Show

05. Topics to be covered:

- Conceptual Framework of Disaster Management
- Disaster Profile of India
- Disaster Preparedness Planning, Resilience and long term mitigation
- Application of Geo-Informatics in Disaster Management
- Foundation Course curriculum on DRR
- Regional Issues of Disaster Risk Reduction

06. Course Fee, accommodation and other arrangements:

There is no course fee for the programme. Lodging and Boarding are to be provided to the participants at free of cost in the hostels of NIRDPR Campus, Rajendra Nagar, Hyderabad during the period of training programme.

07. Duration of the Programme:

Five days. 17th to 21st May 2022

08. Participants:

Faculty Members of Universities/Institutions of Southern Region

09. Nominations:

The nominations will be invited from each university of south region from any stream. The Vice chancellor of the concerned university is to nominate two faculties in the rank of Assistant professor/Associate Professor to participate in the said programme. After the completion of programme, trained experts are to impart training on foundation course on DRR to other academicians in their respective regions.

The nominations are to be sent in the following address:
